Vino Nobile di Montepulciano Riserva Crociani 2021

Region

In the heart of central Italy, Tuscany is one of the most prestigious and celebrated wine growing regions in the world. These gentle rolling hills are not only home to Italy`s culture and language, but also to the grand wine estates of Chianti to the north and the more modest yet superb estates of Montalcino and Montepulciano in the south. Sangiovese is the red grape variety that unites Tuscany`s wine producing districts in its various distinct clones. However, planting of international grape varieties, such as Merlot and Cabernet Sauvignon, have given rise to the world renowned `Super Tuscan` wines.

Producer

Susanna Crociani`s 14th century cellars are situated in the heart of Tuscany in the town of Montepulciano. The vineyards, covering about 10 hectares, are on medium-textured soils well-suited to the growth of the vine and giving excellent results. They are planted with Prugnolo Gentile, Canaiolo Nero and with Mammolo and white varieties.

Tasting Notes

The hilltop town of Montepulciano lies in the south of Tuscany near the town of Siena. The surrounding vineyards are planted with indigenous Sangiovese grapes (Prugnolo), used to produce one of Italy`s noblest red wines. Susanna Crociani blends Sangiovese with a little Canaiolo and Mammolo, and traditional winemaking methods encourage extraction of voluptuous fruit character, with a distinct mineral and subtle oak influence after two and a half years in barrel and a further six months in bottle. The wine is ruby red with an orange tint, leading to a delicate and intense wine.

Food

This is an ideal accompaniment to red meat, rich pasta dishes, game and strong cheeses.
