Hindleap Rose Bluebell Vineyard Estates 2018

Region

If you have never tried an English wine before – well now is your opportunity. The vineyards of England are generally located in the warmer southern counties where the milder influences of the gulf stream have an important effect, as our northern hemisphere vineyards need a longer cooler growing season than in Europe to produce top quality grapes. More than 500 vineyards are in production across the UK and bottled annual sales has reached 3 million bottles, with Chardonnay, Pinot Noir and Bacchus the most planted varieties.

Producer

The original vines of Bluebell Vineyards were planted in 2005 with the desire to produce high quality English sparkling wines. The wines are named Hindleap as the Hindleap Hill is just beyond the vineyards. Situated on the fringes of the Ashdown Forest on sandstone soils, there are now 10 ha under vine, predominantly Pinot Noir and the classic Champagne varieties with some experimental Seyval and Bacchus. The vines are carefully nurtured, and hand harvested before small bath fermentation. Blending the wines before the second fermentation and ageing for a minimum nine months (17 months in practice) imparts a distinct imprint of terroir to the Champagne quality.

Tasting Notes

Produced by the traditional method, this elegant pale sparkling rosé is a blend of Pinot Noir and Pinot Meunier varieties to capture a crisp fresh strawberry, raspberry and peach on the nose and a succulent citrus palate with a hint of floral notes for a rounded wine. These fresh fruit notes are accompanied by light autolytic notes from short time on lees allowing hints of brioche accompany the creamy finish. Well balanced and with excellent structure it has a dry, delicate and long finish.

Food

A great aperitif which can be enjoyed al fresco with summer picnics, salads, seafood, mushroom and cream risotto, light goats cheeses or fruit deserts such as Eton Mess.
