Chianti Superiore Colombini Organic 2022

Region

In the heart of central Italy, Tuscany is one of the most prestigious and celebrated wine growing regions in the world. These gentle rolling hills are not only home to Italy`s culture and language, but also to the grand wine estates of Chianti to the north and the more modest yet superb estates of Montalcino and Montepulciano in the south. Sangiovese is the red grape variety that unites Tuscany`s wine producing districts in its various distinct clones. However, planting of international grape varieties, such as Merlot and Cabernet Sauvignon, have given rise to the world renowned `Super Tuscan` wines.

Producer

Donatella Cinelli Colombini has 33 hectares of vineyard in Tuscany cultivated according to the BIO (organic) regime and by hand. These vineyards are divided in two estates that were already being cultivated by her ancestors 400 years ago. Producer Donatella, who is grooming her daughter Violante as heir to the business, appointed Valérie Lavigne as winemaker in 2010 thus completing the first all-female team at an Italian winery. Since 2018 all of Donatella Cinelli Colombini`s wines are certified organic, following a process of conversion started many years before, the respect of nature it`s an important part of the winery`s aim.

Tasting Notes

At 400m high and on limestone soils in the south of Tuscany, the vineyards at Fattoria del Colle produce elegant and well balanced Chianti. Fresh aromas offer ripe red fruits on the nose. The palate is complex with jammy red and black fruits with elements of tobacco and autumn woodland. The fruit is well balanced by silky tannins and finishes with lingering chocolate orange zest and mineral flavours.

Food

Makes an ideal partnership with poultry, game with wild mushrooms, red meats and well flavoured cheeses.
