

Nice Sauvignon Blanc in Can N.V.

Region

The terroir across the Côtes de Gascogne area is transitional, with the maritime effect of the Atlantic ocean giving way to a more continental climate in the east of Gers. In the east, summers are warmer and drier, and the clay limestone soils retain water more effectively. Nearer the coast, loose, sandy soils with good drainage and high rainfall characterize the vineyards. The wines of Gascogne provide reliable, fresh whites from a combination of Ugni Blanc, Colombard, Sauvignon Blanc and Chardonnay, and assertive, mineral rich reds from a base of Tannat.

Producer

NICE are a UK based independent Future Wine Company focused on making wine accessible with their canned wines. Their mantra is 'lead and never follow' with the intention to disrupt the wine industry with a fresh approach. It's wine without intimidation. It's wine on your terms. It's wine for whenever.

Tasting Notes

Secretly Peachy Sauvignon Blanc. This dry and crisp French white is seriously up for anything. Comes from the luscious hills of true wine country too.
