

Casar del Vide Treixadura, Bodegas Familiares Matarromera 2022

Region

The Galicia region sits on Spain's estuary ridden northwest Atlantic coast. This coastal region is wet, yet it is where the fashionable Albariño grape variety thrives on the granite soils. In the south, the Rias Baixas, which means 'lower inlets', supports vines trained high on pergolas in order to keep them well aired from the damp climate, producing fresh, elegant and aromatic wines. The Godello variety is most happy in the relatively warmer and drier valley of Valdeorras, crossed by the river Sil, which is located inland, on the eastern limit of Galicia. Godello's bunches are compact with smallish and yields are relatively low, which probably contributed to the variety's near abandonment in the past.
