

Meursault Les Grands Charrons Domaine Philippe Bouzereau Organic 2023

Region

One of Burgundy's most famous communes, Meursault's reputation comes from the broad swathe of fine Premier Cru and village level wines produced from the 395 hectares of vineyards within its appellation boundary. Located near the middle of the Cote de Beaune, just north of Puligny-Montrachet, the best vineyards in Meursault are at an elevation of about 260 metres with exceptional free-draining clay-limestone soils. Chardonnay is the predominant grape in Meursault and wines are typically full, opulent and powerful. Flavours of toasty hazelnuts, almonds, butter, honey and citrus fruits and floral notes are also common. The soils and individual climats can have a great impact on the wines with leaner, flintier, wines coming from plots higher up the hillside, or with a greater ratio of limestone in the soils. Meursault wines are known to benefit from time ageing in bottle, developing finesse and structure.

Producer

Located in the village of Saint Romain, their 13 hectares of vines are spread across the appellations of Saint Romain, Auxey Duresses, Meursault and Pommard. The domaine is now in the hands of 3rd generation vignerons.

Tasting Notes

A wonderful expression of a very fine Meursault, generous and concentrated with a nutty richness and delicate floral notes, underpinned by complex nuances of spice and a touch of vanilla. Smooth and creamy with beautiful balance and an impressively long, elegant finish.

Food

Perfect with cold and simply grilled seafood or creamy pasta dishes.
