Highest Point Malbec 2025

Region

The biggest and most important of Argentina`s wine regions, Mendoza includes a wide variety of altitudes and micro-climates to allow a huge range of wine styles. The main vineyard area is at the base of the Andes in the valley of the Mendoza River, with vineyards ranging from 500-1500 metres above sea level. Many early winemakers were of Italian origin and brought with them their native Barbera, Bonarda and Sangiovese. However, it is Malbec, originally from Bordeaux and the southwest of France, that has established the most successful presence in Mendoza.

Tasting Notes

This Malbec is grown using organic principles in the vineyards of Mendoza. A great example of a classic Argentinian Malbec. Deep dark purple in colour with bramble fruits and black cherries on the nose. The palate has great concentration of intense dark fruits such as black cherries and plums and blackberry jam in addition to rich notes of chocolate on the finish. The wine has a full body with a velvety texture for a long-lasting feel in your mouth of the forest fruits and spice.
