

Ultimate Provence Rose Magnums 2024

Region

The Coteaux d`Aix is north and west of the university town of Aix and is the furthest West of the Provence region, with predominantly limestone and sandy soils. The Mediterranean climate is marked by the Mistral wind bringing dry and cooling conditions from the North. It is inland and benefits from relatively cool summer nights due to the altitude, retaining acidity and produces elegant dry rosé wines and fruity and well-structured reds from a combination of Grenache, Cinsault, Carignan, Syrah and Cabernet Sauvignon along with whites from local varieties such as Vermentino.

Tasting Notes

This Ultimate Provence has a pale colour with sometimes coppery reflections with a beautiful bouquet of light fresh red fruits. This blend of Cinsault, Grenache, Syrah, Rolle exalts the combination of fruitiness, floral and spicy notes. The wine is made protectively for a fresh bright Provence Rose bursting with fresh red fruits and a crisp acidity and touch of spice on the finish.

Food

Pairs well with grilled poultry, cheeses, charcuterie and seafood.
