

Hoffmann Organic Riesling One.R Natural Wine. Mosel 2022

Region

The Romans planted the first vineyards along the Mosel river and the city of Trier around the second century. Today, this region is known for its steep slopes overlooking the rivers, on which the vineyards are planted. The steep slate and schist soil vineyards on the banks of the Mosel are almost exclusively planted with Riesling. This environment provides classic mineral and lime flavours from Riesling, allied to intense flavour and acidity.

Producer

Weingut Hoffmann can trace its origins back to the late 17th century around the time of 1677, the current estate was established in 1920 and is now in the hands of Peter and Uli, brothers and the new generation of a family of winemakers. Weingut Hoffmann are located in Minheim within the Mosel wine region and are nestled on a bend of the river, which are surrounded by steep, devonian slate and ancient schist slopes, that help make up the crucial terroir of the region, which gives Mosel its fame. Since 2007 the estate has practiced organic viticulture, and cultivate their vineyards with great care. Sustainability is a core principle of their ethos and they strive to bring a vibrant and diverse life in the vineyards, planting a wine range of hedgerows and trees, avoiding all synthetic pesticides and fertilizers and sowing natural cover crops to encourage this biodiversity. However beyond this they support local kindergardens and schools by educating them on the estate about organic farming and also donating to youth groups to support local communities.

Tasting Notes

The carefully harvested grapes are gently crushed before pressing to enhance juice–skin contact. A short period of skin contact, extracts additional aroma and structure from the grape skins. Fermentation takes place with indigenous yeasts in a 50-year-old oak barrel, together with whole clusters, lending the wine depth and character. It is then aged on the full lees for one year, developing complexity and a rich mouthfeel. The wine is bottled without filtration and without any addition of sulfur, preserving the pure, unaltered expression of the grape variety. Flavours of ripe lemon, grapefruit, quince, pear, honey and clove.

Food

Perfect pair for white grilled fish and seafood.
