

Covepoint Chardonnay NV

Region

If you have never tried an English wine before – well now is your opportunity. The vineyards of England are generally located in the warmer southern counties where the milder influences of the gulf stream have an important effect, as our northern hemisphere vineyards need a longer cooler growing season than in Europe to produce top quality grapes. More than 500 vineyards are in production across the UK and bottled annual sales has reached 3 million bottles, with Chardonnay, Pinot Noir and Bacchus the most planted varieties.

Producer

Lyme Bay Winery is full of people who are passionate about producing English Wines. Founded 25 years ago in Devon they have produced wines of outstanding quality that have won awards from prestigious competitions including the International Wine and Spirit Competition, the Decanter World Wine Awards and many more.

Tasting Notes

The Covepoint Chardonnay is sourced from the Crouch Valley, an area known for producing some of the highest quality fruit in the UK. This is a rich, elegant white with a pale straw hue and expressive aromas of melon, lifted tangerine, orange blossom, and delicate floral notes. On the palate, it shows moderate weight and bright citrus-driven acidity, complemented by ripe melon and white stone fruit. A subtle oak component brings a gentle touch of vanilla, adding depth and roundness to the finish.

Food

Pair with roast chicken, grilled white fish and creamy pasta dishes.
